Question:

Competency-Based Approach does not focus only on knowledge transfer, but on the development of the learner's competencies. Discuss.

Sample Answer:

Introduction (3 pts)

The notion of the competency-based approach.

Body (14 pts: 8 on content/ 6 on form)

The candidate should provide the ability to move from knowledge transfer methods and approaches to the competency-based approach based on the action-based theory where the learner is the centre of the learning process.

- . The teaching objectives should be targeted towards the learner's needs.
- . Learning should be focused on the process (How rather than the product)
- . The teaching method should concentrate on developing the learner's capacities to analyse the content and to develop his own capacity of understanding.

Conclusion (3 pts)

Recapitulation: Unlike traditional learning, competency-based education helps the learner become an active participant in the learning process.
